

**2017, 2018, 2019 AND 2020
ISSF WORLD CUPS - SENIOR
SELECTION CRITERIA**

Date Effective: Updated 19th December 2018

1. BACKGROUND

- a) The International Shooting Sport Federation (**ISSF**) World Cups (**WCs**) are international competitions conducted according to ISSF rules.
- b) The ISSF conducts 3-4 WCs per shooting discipline each year with the venues and dates of these events outlined on the ISSF website at <http://www.issf-sports.org/calendar.ashx> as well as on the Shooting Australia website at <http://www.shootingaustralia.org/calendar/>.
- c) Shooting Australia (**SA**) may select athletes (see Clause 5) to the team (**Team**) to participate in one or more of the WCs. SA is under no obligation to select the maximum number of athletes for any event or any of the WCs.
- d) This Selection Criteria (**Selection Criteria**) details the process established by SA for the selection of athletes to the Team to represent Australia at each of the WCs. For the avoidance of doubt, each selection of the Team for each WC is an independent event and selection of any athlete to the Team for one WC has no bearing on selection of the Team for any other WC.

2. OBJECTIVES

- a) SA's main objectives when selecting the Team for each WC are to:
 - (i) Maximise the number of medals that SA can win in benchmark events including (but not limited to) the 2018 Commonwealth Games and World Championships, and the 2020 Olympic and Paralympic Games; and
 - (ii) Use these benchmark events and other ISSF events to provide elite and pre-elite athletes with exposure to high-quality international competition that will help to accelerate their development for 2020 and beyond.
- b) For the avoidance of doubt, the objectives outlined above are to provide context to the Selection Criteria only and in no way impact on the selection of the Team by the SA Selection Panel or the exercise of discretion (if any) by the SA Selection Panel.

3. SA SELECTION PANEL

- a) The SA Selection Panel will be made up of the SA (discipline) National Coach, the relevant SA Member Organisation's High Performance Committee Representative and the SA High Performance Director (**SA Selection Panel**).
- b) The SA Selection Panel will select the Team according to the terms of this Selection Criteria.

4. EVENTS

- a) The SA Selection Panel may select athletes to the Team for the following events at the WCs:

MEN'S EVENTS

50M RIFLE 3 POSITIONS
10M AIR RIFLE
25M RAPID FIRE PISTOL
10M AIR PISTOL
TRAP
SKEET

WOMEN'S EVENTS

50M RIFLE 3 POSITIONS
10M AIR RIFLE
25M PISTOL
10M AIR PISTOL
TRAP
SKEET

- b) In the event that there are any non-Olympic events at the WCs, the SA Selection Panel, at its absolute discretion, may select athletes to compete in any Non-Olympic Event in accordance with clause 7.
- c) In the event that there are any Mixed Team Events at a WC, the SA Selection Panel, at its absolute discretion, may select athletes to compete in any Mixed Team Event at that WC from amongst the Team selected for that WC in accordance with clause 7.

5. TEAM SIZE

- a) Up to three (3) athletes may be selected for the main draw per event to the Team for each WC by the SA Selection Panel. Neither this Selection Criteria, nor SA or ISSF require SA to select the maximum number of athletes to the Team for any WC. For the avoidance of doubt, subject to automatic selection of A4G squad members under clause 7(a)(i), nothing in this Selection Criteria operates so as to require the SA Selection Panel to exercise any discretion to select any athletes to the Team or fill all available positions on the Team, and the final Team members and composition of the Team are determined at the absolute discretion of the SA Selection Panel.
- b) Subject to confirmation from the local organising committee for a WC, SA may select an additional two (2) athletes into the MQS draw (**MQS Athletes**). The selected MQS Athletes are eligible to compete in that WC but are ineligible to make the final at that WC. SA is under no obligation to select MQS Athletes.

6. ATHLETE ELIGIBILITY

- a) In order to be eligible for selection to the Team for any WC an athlete must be:
- (i) A registered financial member of a SA Member Organisation;

- (ii) Eligible to compete for Australia in shooting events in future Olympic Games, World Championship and Commonwealth Games;
- (iii) Meet all eligibility requirements imposed by ISSF; and
- (iv) Must sign and abide by the SA Athlete Agreement as per clause 10.

7. SELECTION PROCESS

- a) Athletes selected to the Team to compete in the main draw of a WC will be selected according to the following process:

2017 World Cup/s (2017 WCs)

- (i) Aiming4Gold (**A4G**) Squad Members may be selected to the Team to compete in any of the 2017 WCs as negotiated in their Individual Performance Plan (**IPP**) at the discretion of the SA Selection Panel. Without in any way limiting the discretion of the SA Selection Panel, when selecting A4G Squad Members for the 2017 WCs, the SA Selection Panel may consider any of the following factors (the **Factors**):
 - A. International podium performances since 1st January 2016;
 - B. International qualifying and finals performances since 1st January 2016;
 - C. International head-to-head performances since 1st January 2016;
 - D. All domestic performances since 1st January 2016 including qualifying and finals as well as head to head performances;
 - E. Commitment to training and preparation for competition;
 - F. Form and performance trends of the athletes;
 - G. Achievement of the BMS for the relevant event;
 - H. Regular access to an appropriate high-performance daily training environment;
 - I. Commitment to a national coach-directed plan of domestic and international competition;
 - J. A demonstrated commitment to maintaining highest levels of personal excellence; or
 - K. Any other factors the SA Selection Panel considers relevant.

- (ii) The discretion granted to the SA Selection Panel in clause 7(a)(i) above is absolute and it need not be exercised. In exercising its discretion, the SA Selection Panel may consider any Factor, or combination of Factors that is, in the opinion of the SA Selection Panel, relevant for consideration when selecting the Team and may attribute whatever weight it deems appropriate to any particular Factor when making its decision. For the avoidance of doubt, the SA Selection Panel is not required to consider, turn their mind to or rely on all the Factors in the exercise of their discretion to make a Selection Decision (for example, the SA Selection Panel is therefore entitled to rely on one Factor, two Factors, three Factors, etc. or a combination of a number of Factors in the exercise of discretion to make a selection decision).
- (iii) If, after selections are made in accordance with clause 7(a)(i) (if any) there are still positions available on the Team, then the SA Selection Panel may select any non-A4G athlete that has achieved the Benchmark Score-2 (**BMS-2**) for that relevant event (see clause 8 Benchmark Scores) in an SA endorsed competition on or after the 1st January 2016 (the **Performance Window**) at its absolute discretion. When making its selection under this clause, the SA Selection Panel has discretion to consider the Factors listed at clause 7(a)(i) above and the same considerations set out at clause 7(a)(ii) apply to the exercise of discretion by the SA Selection Panel under this clause.

2018 World Cup/s (2018 WCs)

- (iv) A4G Squad Members will be selected to the Team to compete in any of the 2018 WCs as negotiated in their IPP at the discretion of the SA Selection Panel. Without in any way limiting the discretion of the SA Selection Panel, when selecting A4G Squad Members for the 2018 WCs, the SA Selection Panel may consider the Factors (and when considering the Factors for selection for the 2018 WCs, any reference to "2016" is to be replaced with a reference to "2017").
- (v) The discretion granted to the SA Selection Panel in clause 7(a)(iv) above is absolute and it need not be exercised. In exercising its discretion, the SA Selection Panel may consider any Factor, or combination of Factors that is, in the opinion of the SA Selection Panel, relevant for consideration when selecting the Team and may attribute whatever weight it deems appropriate to any particular Factor when making its decision. For the avoidance of doubt, the SA Selection Panel is not required to consider, turn their mind to or rely on all the Factors in the exercise of their discretion to make a Selection Decision (for example, the SA Selection Panel is therefore entitled to rely on one Factor, two Factors, three Factors, etc. or a combination of a number of Factors in the exercise of discretion to make a selection decision).

- (vi) If, after selections are made under clause 7(a)(iv) (if any) there are still positions available on the Team, then the SA Selection Panel may select any non-A4G athlete that has achieved the Benchmark Score -1 (**BMS-1**) for that relevant event (see clause 8 Benchmark Scores) in an SA endorsed competition that occurred at a date after the last WC Event for that discipline in 2017 (the **Performance Window**) at its absolute discretion. When making its selection under this clause, the SA Selection Panel has discretion to consider the Factors listed at clause 7(a)(i) above and the same considerations set out at clause 7(a)(v) apply to the exercise of discretion by the SA Selection Panel under this clause.

2019 World Cup/s (2019 WCs)

- (vii) A4G Squad Members will be selected to the Team to compete in any of the 2019 WCs as negotiated in their IPP at the discretion of the SA Selection Panel. Without in any way limiting the discretion of the SA Selection Panel, when selecting A4G Squad Members for the 2019 WCs, the SA Selection Panel may consider the Factors (and when considering the Factors for selection for the 2019 WCs, any reference to "2016" is to be replaced with a reference to "2018").
- (viii) The discretion granted to the SA Selection Panel in clause 7(a)(vii) above is absolute and it need not be exercised. In exercising its discretion, the SA Selection Panel may consider any Factor, or combination of Factors that is, in the opinion of the SA Selection Panel, relevant for consideration when selecting the Team and may attribute whatever weight it deems appropriate to any particular Factor when making its decision. For the avoidance of doubt, the SA Selection Panel is not required to consider, turn their mind to or rely on all the Factors in the exercise of their discretion to make a Selection Decision (for example, the SA Selection Panel is therefore entitled to rely on one Factor, two Factors, three Factors, etc. or a combination of a number of Factors in the exercise of discretion to make a selection decision).
- (ix) If, after selections are made under clause 7(a)(vii) (if any) there are still positions available on the Team, then the SA Selection Panel may select any non-A4G athlete that has achieved the Benchmark Score (**BMS**) for that relevant event (see clause 8 Benchmark Scores) in an SA endorsed competition that occurred at a date after the last WC Event for that discipline in 2018 (the **Performance Window**) at its absolute discretion. When making its selection under this clause, the SA Selection Panel has discretion to consider the Factors listed at clause 7(a)(i) above and the same considerations set out at clause 7(a)(viii) apply to the exercise of discretion by the SA Selection Panel under this clause.

2020 World Cup/s (2020 WCs)

- (x) A4G Squad Members will be selected to the Team to compete in any of the 2020

WCs as negotiated in their IPP at the discretion of the SA Selection Panel. Without in any way limiting the discretion of the SA Selection Panel, when selecting A4G Squad Members for the 2020 WCs, the SA Selection Panel may consider the Factors (and when considering the Factors for selection for the 2020 WCs, any reference to "2016" is to be replaced with a reference to "2019").

- (xi) The discretion granted to the SA Selection Panel in clause 7(a)(x) above is absolute and it need not be exercised. In exercising its discretion, the SA Selection Panel may consider any Factor, or combination of Factors that is, in the opinion of the SA Selection Panel, relevant for consideration when selecting the Team and may attribute whatever weight it deems appropriate to any particular Factor when making its decision. For the avoidance of doubt, the SA Selection Panel is not required to consider, turn their mind to or rely on all the Factors in the exercise of their discretion to make a Selection Decision (for example, the SA Selection Panel is therefore entitled to rely on one Factor, two Factors, three Factors, etc. or a combination of a number of Factors in the exercise of discretion to make a selection decision).
 - (xii) If, after selections are made under clause 7(a)(x) (if any) there are still positions available on the Team, then the SA Selection Panel may consider selecting to the Team for any 2020 WCs any athlete who have been chosen to represent Australia at the Tokyo 2020 Olympic Games for the relevant discipline or event.
- b) For the purposes of Clause 7(a)(iii), 7(a)(vi) and 7(a)(ix) the number of WCs that each athlete is eligible to be selected in the Team is determined by the number of times they achieved the required BMS-2, BMS-1 or BMS during the relevant Performance Window. For example, if the relevant BMS-2, BMS-1 or BMS is achieved once during the Performance Window, that athlete is eligible for selection to the Team for one WC, if the relevant BMS-2, BMS-1 or BMS is achieved twice during the Performance Window, that athlete is eligible for selection to the Team for two WCs, etc. subject to team vacancies as detailed under Clause 7.
 - c) For the purposes of Clause 7(a)(iii), 7(a)(vi) and 7(a)(ix) the Performance Window ends on the date that is 45 days prior to the official arrival day of that WC. Should an athlete achieve the required BMS-2, BMS-1 or BMS within 45 days of the official arrival day for a WC, they are not eligible to be selected to the Team for that WC but are eligible to be selected for the following WC, subject to this Selection Criteria.
 - d) For the purposes of Clause 7(a)(iii), 7(a)(vi) and 7(a)(ix) if there are more eligible non-A4G athletes who have achieved the relevant BMS-2, BMS-1 or BMS than positions available on the Team, the SA Selection Panel will at its sole and absolute discretion select the athletes to the Team from amongst all eligible athletes who have achieved the relevant BMS-2, BMS-1 or BMS. In exercising its discretion, the SA Selection Panel may consider any Factor, or combination of Factors that is, in the opinion of the SA Selection Panel, relevant for consideration when selecting the Team and may attribute

whatever weight it deems appropriate to any particular Factor when making its decision. For the avoidance of doubt, the SA Selection Panel is not required to consider, turn their mind to or rely on all the Factors in the exercise of their discretion to make a Selection Decision (for example, the SA Selection Panel is therefore entitled to rely on one Factor, two Factors, three Factors, etc. or a combination of a number of Factors in the exercise of discretion to make a selection decision).

Selection of MQS Athletes for any WC

- e) MQS Athletes for a WC are to be selected from amongst all eligible athletes (either A4G or non-A4G) who were not selected to the Team for the main draw of the relevant WC in accordance with the above process provided at clauses 7(a). In exercising its discretion when selecting MQS Athletes, the SA Selection Panel may consider any Factor, or combination of Factors that is, in the opinion of the SA Selection Panel, relevant for consideration when selecting the Team and may attribute whatever weight it deems appropriate to any particular Factor when making its decision. For the avoidance of doubt, the SA Selection Panel is not required to consider, turn their mind to or rely on all the Factors in the exercise of their discretion to make a Selection Decision (for example, the SA Selection Panel is therefore entitled to rely on one Factor, two Factors, three Factors, etc. or a combination of a number of Factors in the exercise of discretion to make a selection decision).
